

I am writing to recommend the services of the TCOR Management. We just began our relationship with TCOR a few months ago, when we decided to change insurance brokers. In the short amount of time we have been a client, we have seen dramatic improvement in our organization and have found their company to be world class in many ways. TCOR has a brilliant platform that not only fulfills our insurance needs but has also assisted us in a complete overall in our Human Resource operations.

We have been overly impressed with TCOR's exemplary personnel. Not only did they research and present several options for us when it came to changing carriers, but they have provided support to us throughout the entire process. TCOR's constant communication and feedback really made our transition seamless. Having TCOR as our primary contact for all our carriers has freed up time so I can be more productive in my role. We've worked specifically with Kailey Jonas and Jaemi Moore, and both have been courteous, professional and truly have provided the best customer service we could ask for.

With TCOR we have the ability to offer online open enrollment to our staff. The process was simple and efficient thanks to the integration of EaseCentral. Having one location for new hires, updates, and terminations has streamlined our HR processes. We've only scratched the surface with the new capabilities that TCOR has provided and look forward to expanding the use of EaseCentral.

We are excited and thankful for our relationship with TCOR Management and recommend them without hesitation, as they have already proven themselves to be the MVP in their field.

If you have any additional questions or need clarification, please feel free to contact me.
